
An Unusual Panama Pacific Exposition Perfin Use?

William F. Lesh (#3718)

I recently found the pictured cover. It shows the printed return address of the Panama-Pacific International Exposition which was held in San Francisco during 1915. It is franked with the PPI/Eco perfin of the Exposition's organizing

committee. But notice the cancel. February 1916 is after the closing of the Exposition. Late bills? Thank you notes? Anyone have any idea how long after the close of the exposition the official stationery and perfin were in use?
